Belmont Plating Works Inc. Is One Of Top Finishing Shops In North America

Products Finishing magazine names Belmont Plating Works Inc. to its "Top Shops" list

CINCINNATI, Ohio – Belmont Plating Works Inc. has been named one of the best finishing shops in North America, according to an industry benchmarking survey conducted by *Products Finishing* magazine, a trade publication which has covered the industry since 1938.

The magazine conducted an extensive benchmarking survey that analyzed hundreds of finishing companies in several different areas, including Current Finishing Technology, Finishing Practices and Performances, Business Strategies and Performances, and Training and Human Resources.

Only the top 50 shops were given the honor of being a *Products Finishing* magazine 'Top Shop' based on a scoring matrix in those four criteria.

"Belmont Plating Works Inc. has established itself as one of the best finishing operations in the industry," said Tim Pennington, editor of *Products Finishing* magazine. "The criteria we used was very stringent, and only the top finishing shops that excelled in all four areas made the list. Belmont Plating Works Inc. is in rare air when it comes to finishing operations."

Belmont Plating Works Inc. is located at 9145 King St., Franklin Park, IL 60131, and offers Zinc, Nickel, Tin, Copper, Electroless Nickel and Cadmium plating in both rack and barrel. Additional services include black oxide, passivation and bright dip.

"We are extremely excited and pleased to be named one of *Products Finishing* magazine's 'Top Shops'," said Mark Toni, owner of Belmont Plating Works Inc. "Our employees and management team have worked very hard to be the best in the industry, and to provide our customers with quality service."
